Buy Michigan Now™

“Buy Michigan Now” Week July 27-August 2

July 1, 2009

Downtown Northville has announced they will partner with Buy Michigan Now to be the host location for “**Buy Michigan Week**” July 27-August 2. The week-long festivities – produced by Ta-Dah Productions – will include various Michigan entertainment, educational seminars and products.

Launched in 2007 by Lisa Diggs, Buy Michigan Now is a state-wide initiative to inform, educate and encourage Michiganders (organizations and consumers alike) to support the local economy by purchasing products and services made in Michigan and from Michigan-based companies.

“The Buy Michigan Now campaign is about heightening awareness and revitalizing our state’s economy one product, one purchase, and one business at a time. We are very excited to be working with Northville to celebrate Buy Michigan Week. Their vibrant art, restaurant, and retail community is representative of great towns all over the state, and provides an ideal showcase for the bright spots in Michigan’s blossoming new economy,” said Lisa Diggs.

The Buy Michigan Now initiative is further enhanced by **the official proclamation from Michigan Governor Jennifer M. Granholm stating that the week of July 27, 2009 is Buy Michigan Week in Michigan.** In the proclamation, Governor Granholm states her support of the initiative. “I encourage all residents of this state to take advantage of the many great products and services that the state of Michigan has to offer by buying Michigan first.”

"Buy Michigan Now" Week continued . . .

"Northville is excited to host the Buy Michigan Week festival. This event will showcase many wonderful products, services, events and industries available in Michigan. Partnering with the Buy Michigan Now campaign (initiative) is the perfect fit as we as a downtown continue our own campaign (initiatives) to support local merchants and the local economy", added Lori Ward, director of the Northville Downtown Development Authority.

Events and Activities

Participating organizations will all be Michigan-based. Vendors and exhibitors will be on hand all week to describe services, offer tastings, and to demonstrate and sell their products. Weekdays have been themed to draw special attention to specific emerging industries and opportunities, which include:

Monday – Going Green in the Eco-Peninsula:

Michigan is positioning itself to emerge as a leader in the fields of renewable energy, alternative fuels, and protecting our environment. Events on Monday will explore the potential economic impact of this expanding industry as well as helping consumers to go green and save green.

Tuesday – Family, Fun, and Food:

Building pride, and local buying habits, from an early age will help Michigan thrive for years to come so Tuesday is dedicated to inspiring the next generation.

Wednesday – Wellness Wednesday: A healthy, productive population leads to a stable economy and Wednesday is all about health, wealth, and fitness.

Thursday – Creating Commerce:

Michigan's booming agricultural industry will be showcased at the Northville Farmers' Market. Additionally, since the new Michigan will emerge with a much more diversified economy, Thursday is dedicated to helping entrepreneurs and professionals strengthen their skills across a wide variety of industries.

Friday – Cultivating a Creative Economy:

The state has long been known for its deep well of artistic talent, and now, more than ever, creativity is having a definitive economic impact. Friday's events put a spotlight on the arts and kick-off a weekend full of fun.

Saturday & Sunday – Made in Michigan Exploration & Celebration:

The week culminates with a showcase of Michigan talent, innovation, and products that is a celebration of our community and a brighter, greener economic landscape.

A final list of entertainment, seminars, and vendors will be announced at a later date and will be available on the [DDA website](#).

Made in Michigan Fast Fact

- Did you know that the average American eats eight-and-a-half pounds of pickles a year?
- One of America's favorite brands, Vlasic, was born right here in Michigan where it is still located today.
- Frank Vlasic, a Polish immigrant, came to America in 1912 to build a better life for his family. By saving all he could from his \$2-a-day car foundry job, Frank established a creamery business in Detroit. He eventually turned it over to his son, Joe.
- Joe expanded the family business into selling Polish pickles spiced with garlic and dill. During World War II, Joe and his son, Bob, started testing a whole new idea – Polish pickles sold in smaller individual glass jars, instead of large barrels.
- Over the next 20 years, pickle consumption increased tremendously and Joe and Bob grew Vlasic into America's No. 1 pickle. The pickle business became so successful they dropped the milk and cheese business entirely. Vlasic pickles continue to be a household name that started right

First Friday Art Walk July 3 August 7

A great way to spend a Friday night! Downtown Northville's art galleries have become a favorite place to visit the first Friday of each month. We currently have four outstanding galleries each one different than the other and all open until 9 p.m. during the Art Walk. A new artist is featured each month often with the artist in house to greet you and show their work. Many of the galleries offer complimentary hors d' oeuvres and beverages for their guests as they browse or shop. The First Friday Art Walk begins at 6 p.m.

Many of Downtown Northville's shops are also open until 9 p.m. during the Art Walk and also feature a special event or guest. Be sure to allow time for a leisurely dinner at one of our fine restaurants.

The Northville Art House ~ Be a pART of it! The Northville Art House is proud to present an all-media juried Floral Arts show. Enjoy a unique and beautiful arrangement of art created by local and regional artists. In addition to the exhibit, a special event this month will feature local artists painting in the gardens of the Art House. This "Plein Air" day is in collaboration with the Country Garden Club of Northville's Annual Garden Walk on July 8th from 9 a.m. – 4 p.m. Stop by anytime during the Garden Walk to see the artists at work, enjoy the floral exhibit in the gallery or shop in the Art House Store for creative and unique fine art gifts. Garden art in the yard is generously donated for the event by Gardenviews (202 W. Main). We are a part of the Garden Walk, however, we are also open to the public for anyone who is interested in this special day.

Starring The Gallery ~ Come join us for our First Friday Art walk, where this month's artist will be Patricia Sweeney. After graduating from Parsons School of Design with a degree in fine art, Patricia found herself consistently commissioned to paint portraits. In recent years, needing more in her growth as an artist, she found she could add purpose and meaning to her painting by combining representational and abstract imagery. Now she enjoys experimenting with a technique of using water based paints and layering imagery to guide the viewer's eye on a journey traveling through her paintings. This goes far beyond painting a portrait to weaving together compelling stories that are both graphically and poetically expressive.

Painter's Place ~ Born with a gift for painting and a love for the arts, Caroline Dunphy has been expressing herself with a paintbrush since she was just 3 years old. Working from her vintage Northville home and her downtown studio, Painter's Place, Caroline expresses her creativity in watercolors, oils and pen & ink.

Caroline's love of flowers and painting have taken her to some of the most beautiful gardens in the world including Caroline's favorite . . . Monet's gardens in Giverny, France. Many days were spent painting in the gardens of Monet, Renoir and Cezanne each being reflected in many of her watercolors exhibited at Painter's Place. Cityscapes and countryside scenes of France, Austria, Italy, England, Ireland and Germany are also included on the gallery walls. Caroline's impressionistic works are on display in hundreds of private collections in America, Europe and Asia.

Sundays at Mill Race Village

July 5, 12, 19, 26
August 2, 9, 16, 23, 30

Each Sunday afternoon mid-June to mid-October the buildings are open for public viewing. Costumed docents are on hand to inform visitors about the buildings, their contents, and about Northville's past. Many weekends, a working blacksmith demonstrates the craft, weavers and rug hookers ply their trades, and an occasional strolling musician may be found. Special events are planned for July 4th and the Victorian Festival.

To the uninitiated, the historic Village is a nineteenth-century jewel in Northville's crown. Seven buildings, ranging from approximately 1831 to the 1890's, have carefully been moved from various parts of Northville to the scenic park land on Griswold Street; two more have been meticulously reconstructed with the aid of period photographs and plans.

A visit to the Village is a delightful way to explore the past, take a pleasant stroll, and step back in time. Mill Race Village is open to all, and there is no admission charge. It's located on Griswold, just east of Downtown Northville, between Main Street and Eight Mile Road. The grounds are open daily from sunrise to sunset; the buildings are open on Sunday afternoons.

Northville Beautification Commission! Thank You!

Our appreciation goes out to the Northville
Beautification Commission for their continued
dedication to Downtown Northville. Most recently their
volunteers spent quite a bit of time planting beautiful
hybrid impatiens in the bed just east of the 120 W.
Main building and begonias on the corners of E. Main
and Church Streets. Volunteers are also in town
weekly deadheading flowers in the planters throughout
the entire downtown. Next time you see their
volunteers, let them know what a great job they are
doing!
